Alumni and Student Gathering in New England

Wendy Walter, an Atlantic University student, has asked that we send out this call to all alumni and current students. Of all the things Wendy has learned through her studies at AU, one of the most important was connection. So, this is a call out to other AU students and graduates in New England who are interested in the making a connection and forming a community.

Wendy lives in Brookline, NH, which is in the southern part of the state and would love to host a gathering once a month. The intention would be to:

- get to know other AU students and graduates,
- hear what you are doing,
- get to know your goals and dreams,
- spend some time with like minded people.

If you are interested in reaching out and becoming a part of this transformational group, contact **Wendy Walter**, wwaltervoiceofclay@gmail.com, 603-672-2626

Spiritual Guidance Mentor, Valentine Leonard, Talks about Her Success

With my very first class (at Atlantic University), I went from feeling like the ugly duckling (never quite fitting in any of the pre-made drawers academia wanted to stuff me in) to becoming the gliding swan I was meant to be. Suddenly, exploring the wonder and complexity of the human experience also meant learning how to meditate and interpret dreams, discovering my mission in life, or finding out how best to nurture my body. This has been a fascinating journey. But perhaps even more fascinating, has been acquiring the skills to teach others how to do the same. With each class at Atlantic University I didn't only learn something profound and empowering about myself; I was also given all the practical tools to share these gifts with others. [Read more.](#)

NEW! Lifelong Learning: Classes for Everyone

Almost all of the courses offered at Atlantic University can be taken as part of the [Lifelong Learning Program](#)*. This is a great option for those who do not wish to pursue a degree or certificate, but still want to participate in all that Atlantic University has to offer, or for any alumni who would like to continue taking courses. Learn more about [Lifelong Learning](#).

*At this time, Integrated Imagery: Regression Hypnosis (IIRH) and Master of Arts in Leadership Studies (MALS) courses are excluded from the Lifelong Learning program. IIRH courses are only offered as a part of the Masters in Transpersonal Studies or as a Graduate Certificate and have strict application criteria. MALS courses are exclusively part of the master's degree and are not available to the Life Long Learning program.
